

## FACILITATOR NOTES

### YOU WILL NEED

- Questionnaire – ‘What do I need to know?’
- Sources of Information
- Advisers Answer Sheet

### AIM OF THIS QUIZ

To raise students awareness of IAG resources available to them as they move forward into Year 11 and beyond.

### LEARNING OUTCOMES

Having completed the quiz students will:

- Understand the breadth of resources available to support them
- Have recognised any gaps in their knowledge
- Have completed a personal plan of action to ensure they get the information advice and support they need to move forward.

## FACILITATOR NOTES – ON DELIVERING THIS QUIZ WITHOUT ACCESS TO COMPUTERS

### EXPLAIN THAT:

The quiz introduces Year 10 students to resources and key personnel who can help them make informed decisions about their future steps. As a result of doing this quiz, they will discover that there is loads of support available to them from a variety of sources.

At this stage they may not know all the answers - but you can go through all the answers at the end of the session.

There is often more than one answer for each question, and students should have this in mind as they complete the quiz

### PROCESS:

Students read each question and if they know the answers, write them in space provided. If they are unsure, they can use the ‘Sources of Information’ to help.

Work through all the questions... but leave the action plan uncompleted. (Approx 20 minutes for the completion of the questions.)

At the end of the session facilitators reads each question aloud and asks for feedback from one/two students - then facilitator uses the answer sheet provided to ensure students have the full and correct answers to each question. (Approx. 15 minutes)

(An alternative process could be) - facilitator can ask students to complete one section at a time e.g. work-experience... then ask a few students to feedback their answers - and then provide the correct answers from the back page. (Using this method, if there is limited time the quiz can be re-visited at a follow up session)

Once all answers have been read and answered - facilitator asks students to complete their personal plan for action based on what they have found out today. (Approx. 5 minutes.) This could include e.g. ‘I will check out the connexions-direct website’, ‘I will speak to a Personal Adviser’ or...

**This session should take around 40/45 minutes in total to complete.**

**If the quiz is used with access to computers, it will take longer as students will be using the sites. In this case it could be delivered over two 45-minute sessions.**

**(A future development for this quiz is to place it onto the Connexions website as an interactive resource.)**
